Return form to the Hatton Pool or to Maren Askim. Hatton students receiving this form at Summer ESP can return it to the school by Thursday, June 20. Contact Maren with any questions at 701-789-1199 or mes0404@hotmail.com. You can detach the form and keep the top portion with the dates and times for your records.

Swimming Lessons Information

- The classes will consist of eight 30 minute sessions.
- The dates are July 15-18 and 22-25. The cost is \$45 per child.
- Unfortunately the preschool level classes will not be available this year due to the wading pool not being open this summer. The pool is going to be undergoing some renovations and improvements after this season so we hope to offer this level again in the future. I know there is a huge demand for lessons for this age group and I apologize.
- If you know your child's Red Cross Learn to Swim level from previous classes provide it. If you are unsure we will be able to place them correctly after the first day of lessons. If you have questions you can send me a message and I can guide to you to the checklists for each level to help place your child.
- Level 1 students should be age 5 or older and be able to touch the bottom on their own in the shallow end of the pool. Unless they have already passed level 1, all 5 and 6 year olds should register for level 1.
- Please come to lessons without flotation devices.
- Goggles will be allowed for the level 3 and 4 students who are learning strokes. Many water safety and survival skills are required to be done without goggles.
- We are looking forward to a fun session!
- **About the teacher:** My name is Maren Askim and I am a mom of 4 and have experience as a lifeguard, preschool teacher and elementary paraprofessional. I love swimming and want to share it with everyone! I will have assistance from lifeguards and there will be a lifeguard on duty.
